

Atman Data Center Warsaw-2

Fact sheet

Atman Data Center Warsaw-2 (WAW-2) is not only a network neutral colocation facility, but also the home of Atman's Internet exchange point (ThinX IX), providing capacity and a wide spectrum of flexible IP services.

Located in the business center of Warsaw and 10 km away from Atman Data Center Warsaw-1, WAW-2 serves perfectly as a primary or backup DC, an edge DC and interconnection hub for Tier 1 carriers, as well as hosting or cloud providers of any scale.

Atman Data Center Warsaw-2
5 Konstruktorska St.
02-673 Warsaw, Poland

- 3,700 sq. m / 39,826 sq. ft of IT space
